Overall I am happy with my child's experiences at school	57% ←	43% Combined 100% (+1%)			

COMMENTS.

- Workshops to be held in the evening for working parents to have a chance to attend. (Y6)
- I like that they are really friendly and helpful. (Y4)
- I would like to see more after school clubs or different types of after school clubs. I would like to see more languages and music and art for the children—to broaden their experiences, not just focused on the sporting achievements made by the school. (Y5)
- You could improve more books for the Book Fair. (Y6)
- I have really enjoyed being able to come in and spend time with my child especially the Tea and Toast event. My child was struggling to keep up with the handwriting workshop and even though I am not a new parent I would have welcomed an invite to Accelerated Reader workshop as I am unsure about it. The inconsistency's in ticks over the page is because socially my child is developing but academically I am still unsure that his needs are being met. (Y4)
- Cycling proficiency? (Y3)
- A maths workshop would be useful just to ensure that I am helping my child "work out" things correctly. (Y3)
- Breakfast club would be helpful.
- I am very pleased with the overall school. Thank you. (Y4)
- Appointment was 5pm. Still waiting at 5:30pm. (Y5)
- I never worry about my son's progression or development when he is at school. Numeracy workshops for parents to assist homework, or handouts on how you teach multiplication/division etc so we can back this up. (Y5)
- Possibly a maths workshop for parents to be able to help with homework as the children seem to be taught differently new, and as parents find it hard when the child is trying to show you their way. (Y4)
- Child's name (year 3) loves gymnastics. She did an after school club in the infants (gymnastics) and she would love to do the same in the juniors. Oakwood is a brilliant school and all my children love coming every day. (Y3)
- Brilliant staff doing a brilliant job! (Y3+6)
- I am very happy with the level of education my child receives at Oakwood School. My eldest child also attended Oakwood Juniors and it gave him a fantastic start to his education. Thank you. (Y3)
- My child has experienced a couple of situations of bullying, I do not feel that this was dealt with appropriately as the children are told to "just ignore them." The class assemblies, Christmas plays, etc are excellent! (Y6)
- Take a more British approach. How to explain challenging work and avoid Americanisms. (Y6)
- I find the marking code of the pupils level very helpful and clear reading. When we first started the school it would have been helpful to have a more detailed booklet of what is expected of the children as in their reading and accelerated reading test—when and where they do it before starting school rather than in the last couple of weeks so they know more of what to expect. I like that they can join the choir and recorder lessons as well as other sports and activities. (Y3)

- More after school clubs. I would have liked to have seen a Yr6 Christmas assembly as it is their last year at Junior School. (Y6)
- Give parents more chance to prepare for topics due to be taught over the coming months. (Y6)
- Foreign exchange—opportunities for children to work/interact with children from other cultures, countries and experiences.
- Fencing/ Dodgeball—as our child missed the opportunity last time. (Y5)
- I feel the handwriting scheme should have been brought in when children start Reception as my child has been learning to write in one style for the last five years and is now having to start from scratch. Whoever came up with this idea wants to go back to the drawing board and rethink it. Is this style of writing to be taken up by senior school?
- We feel that newsletters and parent information could be communicated in a more timely manner. (Y4)
- J loves the school. That's enough for us. (Y4)
- Would like homework groups (after school clubs—which include homework) as some schools do. Overall happy with school. Both of my children are making good progress and are very happy.
- Oakwood Junior School always makes us feel welcome. Mrs Hodgkinson has done an excellent job in making O feel happy and addressed any concerns we have had effectively. I am really pleased with the teaching O receives at the school. (Y4)
- The only thing I can complain about is that I haven't met my children's teachers yet. I find this quite impersonal. (Y3/5)
- I really enjoyed the handwriting workshop it was great fun. I think Oakwood offers lots of things to the children, they are very lucky. (Y5)
- I like Oakwood Juniors as you always made me feel welcome. I know my daughter is safe at school at all times. I can talk easily about any problems I think the school needs to know. (Y4)
- I really like the communication and feedback between pupil and teacher about work. I like the after school opportunities available to pupils. (Y4)
